## SUMMARY

Skilled Full-Stack Developer with a BSc in Computer Science, experienced in leading and implementing end-to-end web solutions using technologies like Java, Spring Framework, SQL, and AWS. Proficient in agile project management, front-end and back-end development, and cloud services. Demonstrates strong problem-solving abilities, data structure knowledge, cross-functional collaboration, and a commitment to technical innovation and continuous improvement.

## SKILLS

- |               |              |            |                 |            |
|---------------|--------------|------------|-----------------|------------|
| ● Java        | ● JavaScript | ● AWS      | ● Jenkins       | ● REST API |
| ● Spring Boot | ● HTML       | ● React.js | ● Microservices | ● Node.js  |
| ● SQL         | ● CSS        | ● Git      | ● Unix          | ● Docker   |

## EXPERIENCE

### Software Developer Intern

Emerald Hills Institute

November 2023 - Present

Utah, US

- Collaborated in an agile environment to develop and support projects, emphasizing secure, reliable, and scalable solutions.
- Development and maintenance of WordPress websites, focusing on responsive design for optimal user experience.
- Implemented features and fixed bugs, ensuring adherence to quality and change control standards.
- Communicating technical concepts effectively to non-technical team members to facilitate decision-making.
- **Tools:** React.js, HTML, CSS, JavaScript, WordPress, Hostinger, Java, Spring Framework, MySQL

## PROJECTS

### FitFlow360 / Full-stack Application

Present

- Created a comprehensive full-stack fitness application aimed at empowering users to craft and monitor personalized workout plans.
- Engineered responsive and intuitive front-end interfaces using React.js, JavaScript, HTML, CSS, and Bootstrap.
- Implemented secure and efficient back-end functionalities with Spring Boot.
- Established Authentication and Authorization using Spring Security.
- Integrated MongoDB for seamless data storage and retrieval, ensuring a smooth user experience.
- **Tools:** Spring Framework, React.js, JavaScript, HTML, CSS, Bootstrap, MongoDB, Maven

### MyTaskManager / Full-stack Application

November 2023

- Developed a robust task manager application that seamlessly integrates user-friendly interfaces with powerful Spring Boot backend functionality.
- Designed responsive and intuitive React.js interfaces, integrating Bootstrap to create visually appealing layouts.
- Engineered robust back-end services using Spring Boot, ensuring efficient data processing and API management.
- Designed and managed MySQL databases, optimizing data storage, retrieval, and security.
- Implemented Spring Security for Authentication and Authorization, maintaining secure connections to API endpoints.
- **Tools:** Spring Framework, React.js, JavaScript, HTML, CSS, Bootstrap, MySQL, Maven

## EDUCATION

Bachelor of Science, Computer Science, University of Texas at San Antonio

GPA: 3.69 / 4.0

May 2023

- Dean's List 2021 and 2022
- Honor Roll 2022 and 2023
- National Science Foundation UTSA I-FOCUS-CS Scholarship 2023
